H. Trains?

time limit per test: 3 seconds
memory limit per test: 256 megabytes

Forbidden Keywords for the Quiz: open, file, creat(, fstream, thread, process, system(, exec(

You have been recently recruited as the Software Engineer at Jumanji Railway Software System. You have a big task at hand. You will be given $N(1 \leq N \leq 100)$ schedule of the train. The next N line will contain the name of the train and the departure time. See the input format for better understanding.

Your task is to write a sorting algorithm that will group the trains in the lexicographical order based on the name of the trains. If two or more trains have the same name, then the train with the latest departure time will get prioritized. If there is still a tie, then the train which comes first in the input will come first.

Note: You may use any built-in sorting function for this problem.

Input

The first line will contain an integer $N(1 \leq N \leq 100)$. For the next N lines, i_{th} line will describe i_{th} train. Please see the sample input for better understanding.

Please note that the names of the trains and destinations don't contain any white spaces, and the length of the names and destinations will be at most 100. For example, look at the following description:

```
DhumketuExpress will departure for Chittagong at 02:30
```

Here, **DhumketiExpress** is the name of the train **Chittagong** is the destination, and they don't contain any whitespaces, and their length is less than 100.

Output

Print the train description in the sorted order (specified above). Please see the output format for better understanding.

Example

input Copy

```
8
ABCD will departure for Mymensingh at 00:30
DhumketuExpress will departure for Chittagong at 02:30
ABC will departure for Dhaka at 17:30
ABCD will departure for Chittagong at 01:00
ABC will departure for Khulna at 03:00
ABC will departure for Barisal at 03:00
ABCE will departure for Sylhet at 23:05
PadmaExpress will departure for Dhaka at 19:30
```

output Copy

```
ABC will departure for Dhaka at 17:30
ABC will departure for Khulna at 03:00
ABC will departure for Barisal at 03:00
ABCD will departure for Chittagong at 01:00
ABCD will departure for Mymensingh at 00:30
ABCE will departure for Sylhet at 23:05
```
